I can check but the majority of my files are back at the office on the Large Mac Tower. I will check this laptop and see if it has anything about lake guardian.

No. I do have footage of our teams working on the Cuyohoga River. That is as close as I have got.

Toby, do you have any b-roll from one of our Great Lakes projects?

I don't think we have what he's looking for – any ideas? If not, I will suggest sticking with footage of the lakes.

Hi there –

We have a story today that mentions Trump's pledge 3/28 in Grand Rapids on funding the Great Lakes Restoration Initiative.

Is there video available of some of the GLRI's projects, or staff/offices/signage, for use in a news story?

If not, no worries, we could use footage of the lakes -

Thank you very much,

Dugald McConnell
